Model 40 Drum Cradle

Model 14

Model 34

Model 14-SS

Model 34-5

## Drum Cradle Trucks

Rugged angle iron construction. 3" (7.6 cm) MORTUF polyolefin wheels. Handle 55-gallon (210 liter) steel drum.

Capacity: 700 Lb. (318 kg)

**Model 40** Drum Cradle shown with **Model 31** Tipping Lever (sold separately)

**Model 40-30** is for a 30-gallon steel drum.

## Tipping Lever

Model 31 Tipping Lever is for one-person loading of a heavy drum onto Model 40. Built with 40" (101.6 cm) steel tubing and malleable iron double hook. Shown above with Model 40.

**Model 36** easy-to-load drum cradle with a built-in retractable tipping lever for a 55-gallon (210 liter) steel drum. Heavy steel welded construction with four 3" MORTUF polyolefin wheels.

Capacity: 500 Lb. (227 kg)

**Model 36-SS** made of type 304 stainless steel with bead blast finish.

**Model 46** is specifically designed to handle a 15-gallon (57 liter) steel drum. Has four 3" (7.6 cm) polyolefin wheels. Rock-over loading eliminates manual lifting.

Capacity: 500 Lb. (227 kg)

## Model 32 Drum Upender

Provides leverage to move horizontal drum to upright position

**IMPORTANT:** NOT designed to safely lower an upright drum, to horizontal position

**Round Drum Dollies** have a wide stance base with four 3" (7.6 cm) MORTUF polyolefin swivel casters for easy moving of a heavy drum. Dollies handle a steel, plastic or fiber drum.

**Model 14** 55-Gallon (210 liter) Round Drum Dolly

**Model 14M** Spark Resistant 55-Gallon (210 liter) Round Drum Dolly

**Model 14-30** 30-Gallon (114 liter) Round Dolly

### Type 304 Stainless Steel with Bead Blast Finish

**Model 14-SS** Stainless Steel 55-Gallon (210 liter) Round Drum Dolly. Casters are bright-finished steel with MORTUF polyolefin wheels and stainless steel fasteners.

**Model 14-SSC** Stainless Steel Drum Dolly with stainless steel casters and polypropylene wheels.

# Clamp+GO!

**Patented Design**

**Model 24** Clamp+GO™ Dolly Handle (shown)

**Model 24-SS** Stainless Steel Clamp+GO™ Dolly Handle with bead blast finish

**Square Drum Dollies** have flat deck with four rounded corners turned up to hold drum in position. Useful if drum has spigot low on side of drum.

**Model 34** 55-Gallon (210 liter) Square Drum Dolly

**Model 34-30** 30-Gallon (114 liter) Square Dolly

**Model 34-5** 5-Gallon (19 liter) Saquare Dolly

**Type 304 Stainless Steel with Bead Blast Finish**
**Model 34-5SS** Stainless Steel 5-Gallon Square Dolly

**Model 34-SS** Stainless Steel 55-Gallon Square Dolly

**Model 34-30SS** Stainless Steel 30-Gallon Dolly

### OPTIONS for Any Morse Drum Dolly

**Option 4959i-P** Stainless steel casters with 3" (7.6 cm) polypropylene wheels

**Option 5666i-P** 3" (7.6 cm) Swivel casters with brake

## Clamp+GO™ Dolly Handle

When pushing a drum dolly, lateral force at the top of the drum shifts over 70% of the weight to the front dolly wheels. This can make the dolly difficult to control, and potentially hazardous if the dolly wheels hit an obstruction, hole in floor.

Make drum dollies easier and more safe to move. Attach the patented **Clamp+GO™ Dolly Handle** to a drum dolly. You then pull from the bottom of drum to move it around. Provides greater control, and significantly reduces risks with weight more evenly distributed on all dolly wheels.

Use the **Clamp+GO™** with round drum dollies of various sizes. Adjust for 2", 2.5" or 3" (5.08, 6.35 or 7.62 cm) tall dolly sidewall. **Clamp+GO™** works with all Morse round drum dollies, and with many other brands.
