

CERTIFICATE OF COMPLIANCE

Model 85-5 Pail Handler

The Morse model 85-5 pail handler is manufactured by Morse Mfg. Co., Inc. in Syracuse, NY 13208, in accordance with Morse Manufacturing's design and fabricating criteria.

The capacity is 200 Lb. (91 kg) for a full pail.

The Morse 85-5 pail handler is a "Group 1 - Structural and Mechanical" Below-the Hook Lifting Device which is covered by the American National Standard ASME B30.20. The 85-5 complies with this standard as it applies to the following:

- Rated load markings and unit identification.
- Minimum design safety factor of 3, based on yield strength, for load bearing structural components.
- Welding is performed by certified welders who have passed the ANSI/AWS D14.1 welding qualification test.
- Load tested to 125% of rated capacity.
