

Accessories

For customer to install on existing Morse drum handler

55/30 Series Diameter Adapters

For drum with diameter smaller than 22" (56 cm). To handle a smaller drum, insert the correct size Diameter Adapter into the standard drum holder.

Details: <https://morsedrum.com/products/diameter-adapters>

All Diameter Adapters for drum with 17.5" (44.5 cm) diameter or smaller have integrated brackets to prevent drum slipping length-ways. Model 55/30-19B also has integrated brackets.

NOTE: To prevent 30-gallon (114 Liter) PLASTIC drum from slipping install ONE of the following

1. Diameter Adapter 55/30-19B which has integrated brackets
2. Diameter 55/30-19 (without brackets) **AND** either Bracket 4556-P or Top Rim Clamp 4560B-P

Model 55/30-19B
has integrated brackets

Model 55/30-19
has no brackets

IMPORTANT: To prevent a PLASTIC 55 gallon (210 Liter) size drum slipping, you **MUST** install either Top Rim Clamp Kit or Bracket Assembly.

Top Rim Clamp Kit 4560B-P

To handle RIMMED plastic drum.

Install Top Rim Clamp Kit to handle a RIMMED plastic, steel or fiber drum with suitable top rim.

Bracket Assembly Kit 4556-P

Required for RIMLESS plastic drum. Also recommended for fiber drum.

Bracket adjusts for 31" to 39" (79 to 99 cm) tall drum.

You can also handle a rimmed drum with Bracket installed.

Diameter Adapters		
Model Number	Fits Diameter	Integrated Brackets
55/30-22	21.5" to 22" (54.6 to 55.9 cm)	No
