Accessories

For customer to install on existing Spark Resistant MORCINCH Drum Holder 5000M-P

**55/30M Series Spark Resistant Diameter Adapters**
For drum with diameter smaller than 22" (56 cm). To handle a smaller drum, insert the correct size Diameter Adapter into the standard drum holder.
Details: https://morsedrum.com/products/diameter-adapters

All Diameter Adapters for drum with 17.5" (44.5 cm) diameter or smaller have integrated brackets to prevent drum slipping length-ways. Model 55/30M-19B also has integrated brackets.

NOTE: To prevent 30-gallon (114 Liter) PLASTIC drum from slipping install ONE of the following
1. Diameter Adapter 55/30M-19B which has integrated brackets
2. Diameter 55/30M-19 (without brackets) **AND** either Bracket 4556M-P or Top Rim Clamp 4560BM-P

**Model 55/30M-19B**
has integrated brackets

Model 55/30M-19
has no brackets

IMPORTANT: To prevent a PLASTIC 55 gallon (210 Liter) size drum slipping, you **MUST** install either Top Rim Clamp Kit or Bracket Assembly.

Spark Resistant Top Rim Clamp Kit 4560BM-P
To handle RIMMED plastic drum.

Install Top Rim Clamp Kit to handle a RIMMED plastic, steel or fiber drum with suitable top rim.

Spark Resistant Bracket Assembly Kit 4556M-P
Required for RIMLEM plastic drum. Also recommended for fiber drum.

Bracket adjusts for 31" to 39" (79 to 99 cm) tall drum.

You can also handle a rimmed drum with Bracket installed.

Diameter Adapters		
Model Number	**Fits Diameter**	**Integrated Brackets**
55/30M-22	21.5" to 22" (54.6 to 55.9 cm)	No
